Build America, Buy America Act (BABA) Compliance Certification

Issued By: DENT Instruments, Inc.

Date: 3/7/2025

DENT Instruments certifies that the following products comply with the requirements of the **Build America, Buy America Act (BABA)** as established under the Infrastructure Investment and Jobs Act (IIJA).

BABA-Compliant Products:

- | | |
|--|--|
| 1. PowerScout 3 HD | TBWC DI-SA Single Element Series Meters |
| 2. PowerScout 12 HD | " DI-MMU4 Multi-circuit Meter Units |
| 3. PowerScout 24 HD | " DI-MMU8 Multi-circuit Meter Units |
| 4. PowerScout 48 HD
(Multiples of above) | " DI-MMU16 Multi-circuit Meter Units |
| 5. ELITEpro XC | " DI-MMU20 to 64 Multi-circuit Meters |
| | " ELITEpro XC LSM Kit by TBWC |

Compliance Basis:

These products are fully manufactured in the United States, with all final assembly, programming, calibration, and testing completed at DENT Instruments' facility in Bend, Oregon. Subassemblies, including printed circuit board assemblies (PCBA), are produced domestically by U.S.-based partners.

A detailed review of our bill of materials confirms that each listed product exceeds the **55% domestic content threshold** required under BABA.

This compliance certification has been reviewed and validated by an independent third-party consultant specializing in U.S. trade compliance.

Should there be any changes affecting the compliance status of these products, DENT Instruments will promptly notify all relevant parties.

Sincerely,

Jonas Greberg

CHIEF EXECUTIVE OFFICER
